

## Community Development Plan

**M**anagement and staff of AEIS consist of an experienced workforce who has worked in the Niger Delta Region of Nigeria for a long time. They know the importance in creating the right environment in order to carry on their operation to a successful conclusion. To this end, AEIS will partner with all stake holders which include our clients, host community, Government, etc to;

- 1 Preserve the environment in which we operate
- 2 Secure life and property
- 3 Empower the youth in the community we operate by employing suitably qualified persons and retaining those that we have capacity to retain
- 4 Help in developing infrastructure and social life in the community
